

TERROIR

The signature of a place

Terroir is the combined energy of sky and soil. This is where this quiet strength that the winemaker, servant and interpreter, must reveal without ever betraying or hiding it. This patient approach continues during maturing, then in bottle.

These fresh and alive wines develop over the years a complexity made of elegance and personality.

EXPRESSION

The flavours' song

Domaine La Colombe cultivates several grape varieties in addition to Chasselas. The harmony of the place and the variety allows each plant to express the full extent of its character.

In the cellar, the limit of the intervention is the research for the authentic expression. Personality grape varieties, fullness of aromas here offer a perfect balance delivering a full and immediate pleasure.

RÉSERVE

The patina of time

Very low yields, a selection of old vines, prolonged maturation, and bottled aging prior to placing on the market contribute to the emergence of distinguished and refined wines. The quest for this elusive perfection is at the heart of our business: these exceptional wines confirm our faith in nature and in life. Beyond a success, a reward!

ÉTOILÉS

6 stars box

The idea was born in the 1980s when Frédy Girardet and Raymond Paccot met – an encounter between terroir limestone and chef's honed knife that led to the design of a new wine, streamlined and with great class. This collaboration continues today with Franck Giovannini of the Michelin starred "Restaurant de l'Hôtel de Ville de Crissier" who continues to create his own blends, in a kind of direct link, from earth to table.

ALCOOL

Domaine La Colombe also proposes a selection of bottles to be opened after the meal, when conversation takes its course, and the evening drags on...

All our wines are guaranteed « controlled designation of origin »
